The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Once again, the State of Arkansas has adopted An Arkansas History for Young People as an official textbook for middle-level and/or junior-high-school Arkansas-history classes. This fourth edition incorporates new research done after extensive consultations with middle-level and junior-high teachers from across the state, curriculum coordinators, literacy coaches, university professors, and students themselves. It includes a multitude of new features and is now full color throughout. This edition has been completely redesigned and now features a modern format and new graphics suitable for many levels of student readers.

Did you know more than 99% of your body's molecules are water molecules, and 55% to 60% of your body weight is water? You therefore should make sure that the water in your body is clean, healthy and nutritious, and more importantly one 100% free of contaminants. This book is designed to help you achieve that goal!This book shows us, based on scientific discoveries, where exactly our planet Earth is located in our Universe, and how exactly our planet Earth possessed that much liquid water that we drink to survive today. The story begins with the amazing descriptions about the formation of our Universe after the Big Bang, trillions of stars, our spiral-shaped Milky Way Galaxy, our Solar

System, our Sun, our planet Earth and our Moon. Did you know the water we drink today is at least 4.54 billion years old? This book teaches that we should avoid tap water, well water or bottled water of any kind, and drink only "purified water" that is either neutralized or slightly alkalized, and remineralized up to a TDS (Total Dissolved Solids) level of 200 ppm. The book teaches how to purchase or make your own purified water, and how to remineralize and alkalize the purified water with many sample experiments conducted at home. This book also teaches healthy water-drinking habits, and gives you countless tips on how to protect your health from waterborne diseases.
